4. Ordering Officer Responsibilities

- a. Ordering is decentralized. Only U.S. Government Contracting Officers, Government Purchase Card Holders, or Contractors given FAR 51 Authorization are able to place orders against this EA.
- b. This EA was established competitively using the procedures under FAR 8.405-3. Refer to the DoD ESI website at www.esi.mil for the listing of the multiple award vendors.
- c. The Ordering office must:
 - i. Comply with the ordering procedures of FAR 8.4 and DFARS 208.4;
 - ii. Obtain competition and/or execute and publish a brand name or limited source justification as applicable;
 - iii. Provide fair opportunity to all EA holders who offer the applicable product and/or service required;
 - iv. Ensure compliance with all fiscal laws prior to issuing an order under the EA;
 - v. Incorporate into the order any regulatory and statutory requirements that are applicable to the agency for which the order is placed, if pertinent requirements are not already included in the EA; [Note: The FAR and DFARS clauses listed in Attachment 1 of the EA are those in effect as of the effective date of the EA. Ordering Officers are responsible for incorporating the most current version of the applicable FAR and DFARS clauses, at the ordering level, in the Delivery Order as appropriate]
 - vi. Obtain the required authorization to acquire the products or services through the DoD ESI EA in accordance with FAR Part 51 when a contractor is ordering on behalf of a DoD component;

 - viii. Review the Master License Agreement, including any Addendums and Exhibits (BPA Attachment 3) when ordering products and services provided in the EA Attachments. If required, ordering offices may secure additional terms and conditions at the Order level if those terms and conditions do not conflict with those at the EA level and represent best value to the Government.

5. Ordering Process

- a. DFARS Regulation 208.74
 - i. DFARS 208.74 requires authorized software buyers and requiring officials to review the DoD ESI website for availability of an existing DoD ESI agreement before pursuing another acquisition method. DFARS procedures are:

1. If the required commercial products or services are available from a DOD ESI EA, buyers must follow the procedures in the DFARS Section 208.74 and DFARS PGI 208.7403.
2. If a DoD component must obtain the commercial products or services outside the DoD ESI EA, the component must seek a waiver from a management official designated by the DoD Component. After the steps in paragraphs (5)(i) and (5)(ii)(A) of the DFARS PGI 208.7403, Acquisition procedures have been completed.
3. If the required commercial products or services are not available from a DOD ESI EA, the DoD component may use an alternate method of acquisition, subject to applicable laws and policy.

b. Ordering

- i. All orders must be competed amongst the EA Holders unless an exception applies (see FAR 8.405-6 Limiting Sources).
- ii. Orders are subject to the ordering office's local policy, the underlying Government-Wide Acquisition Contract (GWAC), if used, and the terms of the EA. The order may be placed directly with the vendor after ensuring compliance with the Ordering Officer Responsibilities specified in Section 4. The following is needed to place an order:
 1. Execution of a delivery order by the respective local contracting office:
 - A. Contracting Officers will need to create an EA shell using their respective contract writing system in order to execute delivery orders against this EA (see section 7).
 - B. If the Contracting Officer does not use an automated contract writing system, enter the EA number **N66001-19-A-0118** in Block 2 and a locally assigned delivery order number in Block 4. Note: Ensure you complete the FPDS-NG report.
 2. Open Market items (i.e. not in the EA catalog) may be added to a EA call/delivery order for quoting purposes and shall be clearly labeled on the Quote as "Open Market". The following actions apply for Open Market items:
 - A. For Open Market items under the Micro-purchase threshold, an ordering officer may add this item to an individual EA call/delivery order without following the procedures in FAR 8.402(f). The items must be clearly labeled "OPEN MARKET" on the Order.
 - B. For Open Market items over the Micro-purchase threshold, the ordering officer will need to purchase the item(s) outside of the EA as a separate order using FAR and DFARS procedures as applicable to their purchase. The ordering activity will need to abide by FAR Parts 5 (Publicizing), Part 6 (Competition Requirements), Part 12, (acquisition of commercial items), Parts 13, 14, and 15 (contracting methods), and Part 19 (Small Business Program).

To create an external award, go to Procurement > Pre-Award / Award > External Awards (or Agreements) > select the desired form.

The Create New External Award window displays.

Enter the Agreement number for which the external award is being created. Click OK. The external award document is opened and displayed.
